

Expanded Learning Opportunity Grant  
Community Input  
April 8, 2021  
(19 participants)

- Enrichment opportunities in the afternoon including art, sports, etc.
- After generating ideas, conduct a survey with families.
- Expand the survey to include some of the other allowable uses
- Work with community partners to provide social-emotional learning support
- Offer American Sign Language sections at the secondary level
- Offer VAPA opportunities at the secondary level
- Interested in exploring community learning hubs
- Supporting the arts
- Supporting outdoor education
- Supporting speech and debate
- Working with support staff to expand hours at the school sites to provide learning hubs
- Provide Arts opportunities that are equitable to all grade levels
- Provide extended day kindergarten
- Can we increase food drop off locations?
- After School enrichment: arts (hire docents and organizations), outdoor ed (partner with local businesses/entities), WOW Museum partnership, Elevate Math for grades 3-10
- Neighborhood meal/food service
- Lower after school tutoring ratios
- After school support groups relative to mental health or social emotional concerns given our students are working to recover from the effects of COVID
- Hire parents as paras
- Zero and 7th period classes at High schools
- Community service after school for credit
- Can bus transportation be provided for those attending after school activities?
- Might the funds we applied to hosting noon league programs. It would be during school day
- What about full day kindergarten?
- Does the grant require all students to participate?
- Middle school after school sports programs
- Outdoor education programs - weekend, summer and break camps
- The Arts would be a great addition as it keeps getting pushed out of general ed.

- Partner with WOW Museum, Impact Sports, 180 teen center, Stockton parks and rec
- Young Rembrandt's after school arts program, work with Chamber of Commerce in Lodi and Stockton for ideas that local businesses can help with after school enrichment
- From One-Eighty Teen Center & Programs, thank you for sharing and educating us on these opportunities to support our youth! We will be reaching out
- We used to do home visits with students/families at Bear Creek. It was great to connect with families. There was a group out of Sacramento that helped train us. Can this money be used for that as well?
- Did you answer if full day kindergarten was a possibility?
- What percentage of funding needs to be used this year?
- Will this survey be sent to all community members who have not attended?
- Will summer school continue to be distant learning?
- Partner with teachers, paraprofessionals, and community organizations to build summer learning programs - not remediation - build programs that support students social-emotionally and academically and provide enrichment
- Support and expand ASES programs
- Agree with Support and expand ASES programs
