Object	Description	Budget
1xxx	Certificated Salaries	36000
2xxx	Classified Salaries	13800
3xxx	Benefits	12440
4xxx	Materials & Supplies	15574
5xxx	Services & Other Operating Expenses	0
7xxx	Other Outgo	0

		Requirements
<b>Salary budget:</b>	62295%	80% Minimum
<b>Non-salary budget:</b>	15574%	20% or less
<b>Total Budgeted:</b>	77869%	100%

### Plans for Spending

What are the proposed expenditures for materials and supplies?

Expenditures to include additional equipment for after-school clubs that will operate out of campus classrooms and the campus STEAM Lab. Targeted activities and clubs include after-school performing arts clubs/groups, photography/video clubs, computer coding clubs, music performance and composition clubs, as well as “maker” clubs (utilizing art materials and the site’s 3D printer).

What are the proposed expenditures for staffing and what are the focus areas (e.g. art, music, theater, STEAM, etc...)?

Expenditures to include time cards for certificated and classified staff members to support clubs and activities. These expenditures are also inclusive of funds needed for hiring educational partnership programs and organizations to support STEAM clubs and activities.

- Teacher Timecards: \$36,000
- Classified Timecards: \$13,800
- Benefits: \$8,993 (certificated) + \$3,447 (classified) = \$12,440 (total benefits)

What steps have been taken to ensure that the use of Prop 28 funding aligns with Westwood’s educational goals and objectives?

In order to support the district’s LCAP goal of reducing chronic absenteeism, the aforementioned clubs and activities utilize funds to create and maintain STEAM programs that students will be excited to come to school in order to participate in. These high engagement clubs and activities also help to enrich the thinking of our students in alignment with the district’s second LCAP goal of increasing student achievement. Additionally, these funds help align one of our site’s SPSA plan strategies that “Through art, kids generate ideas, organize thoughts, and communicate more

effectively.”
