Behavior Advantage Proposal: 2021-2022 Lodi Unified School District

Behavior Advantage guides educators to design effective, positive behavior interventions that can be implemented with fidelity and progress monitored to support any student exhibiting challenging behaviors. With evidence-based and behavior management best practices at your fingertips, Behavior Advantage supports your educators to design preventative, instructional, and consistent response strategies to help students learn positive behaviors. Professional reports and graphs are automatically generated to share with team members and guide implementation.

District-Wide Annual Behavior Advantage Subscriptions Include:

- Unlimited annual user licenses
- Initial setup of district organization included
 - Establishing a safe and secure platform for your district
 - Loading your district information (e.g., schools, any initial student groups, any initial users)
- All Behavior Advantage features included
- Phone and email support included

Total Annual District-Wide License Subscription:	\$33,167
Recommended Online Clinical Support Package (30 Hours)	\$4,800
TOTAL	\$37,967

On-line Clinical Support Packages

Behavior Advantage also offers on-line clinical support services delivered by a Board Certified Behavior Analyst.

Clinical support services build capacity, help educators meet student needs, and provide inexpensive professional development:

- Practical FBA, BIP, & Simple BIP development
- Review student assessments and behavior plans
- Data collection design and analysis
- PLC, SST, and BIT participation and support
- In-service and professional development trainings
- Paraprofessional trainings and supports
- Custom consultations and presentations

In addition, Behavior Advantage users may receive application training while simultaneously supporting students. Please contact Behavior Advantage to order a Clinical Support Package that matches your district's behavior support needs.
