EXECUTIVE SUMMARY

- RaaWee K12 - Truancy & Dropout Prevention System
 - A management system designed to improve collaboration, and a seamless flow of communication between families and schools.
 - Strategies help curtail Absenteeism and Non-Participation:
- Students at risk are rapidly flagged by TDPS, so they and their families can be instantly contacted via phone, email, and text
- Decreases opportunity for students to fall through the cracks
- Maximized Teacher-Student instruction and interaction time, translates to improved grade and increased graduation rate.
